LEGO® Toys... The Toy Children Add to, Rather than Outgrow™

Imagine...A system of toys for every age where all pieces from all sets fit together. That's the LEGO SYSTEM® - the building toys children can add to, rather than outgrow. The LEGO building system has toys for every age and every stage in your child's development, starting from the time your child is a preschooler, with DUPLO® Sets, right up into the teen years with the realistic EXPERT BUILDER® Sets. The added plus of the LEGO building system is that all the bricks from the various sets fit together. New sets can be combined with old sets for added play value and expanded building possibilities.

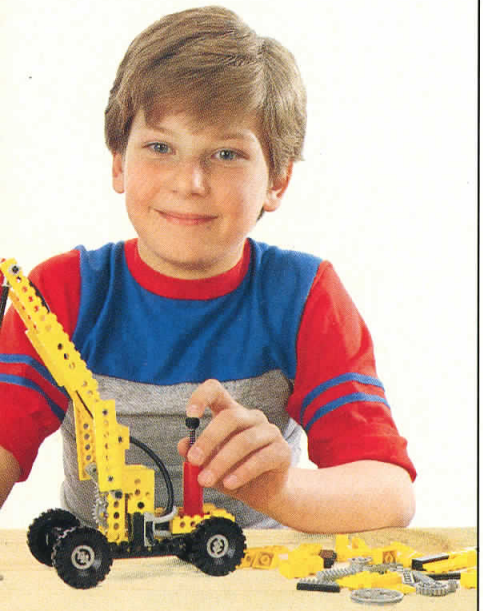
Imagine...A toy so uniquely designed that it can open the door to a world full of creative possibilities. A world full of learning experiences and endless hours of fun for your child! LEGO Toys can open that door - not just once - but each and every time your child plays with a LEGO Building Set.

We know how important play is to your child's growth and development. That's why building with LEGO bricks encourages children to develop their imagination while allowing them to achieve a sense of pride, individuality and accomplishment.

The toys you grow up with™

Please take a few minutes to read the following pages to find the Building Set that's just right for your child. We know you'll agree - LEGO Toys are no ordinary toys!

In order to preserve product quality, do not store or wash your DUPLO® and LEGO® bricks above 110°F.



How to Choose the Right LEGO® Set for your Child?

This chart, as well as all DUPLO® and LEGO® boxes, provides suggested age guidelines to select the most appropriate LEGO Toy for your child. However, no one knows your child as well as you do. Therefore, when shopping, take a moment to examine the box itself to be sure it's the most appropriate LEGO Toy for your child.

Ages 1-5

DUPLO® Toys will make the first building experience a happy one!

DUPLO® Building Sets are the perfect way to introduce your child to the world of building. With DUPLO Toys, children learn to use their hands and build their imaginations.

Each set contains big, colorful blocks with smooth, round corners, plus friendly people and pets crafted from durable plastic. All the pieces snap together and snap apart easily.

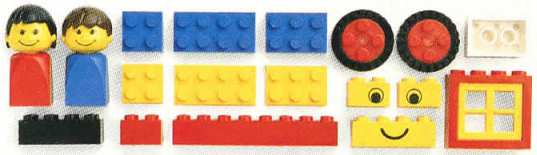
☆ New 1985 Item

You'll want to be there when your little one first examines his or her new DUPLO blocks, begins to explore, to line them up, to stack them. Then suddenly, "click" – two blocks snap together, and your child is building. From here on, the possibilities are endless.

DUPLO® blocks and LEGO® bricks work together as part of the same system for added fun in years to come.

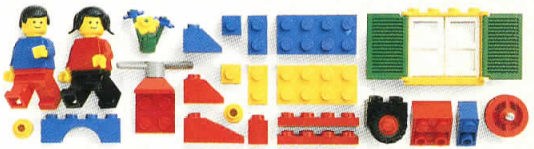
Ages 3-5

Basic elements to begin their building fun.



Ages 5-7

More unique elements for added realism.



Ages 7-12

Even more special pieces for more realistic, advanced building excitement.

LEGO BASIC

Basic Building Sets.

Inspire your Child's Imagination.

Free-form building and creative play are the heart of LEGO® Basic Building Sets. They encourage children to freely express themselves through building. These building sets are the perfect tool for developing your child's imagination and creativity – but he'll be having too much fun to notice!

The assortment of LEGO Basic Building Sets has been

★ New 1985 Item

specially designed to provide a range of products to fulfill the free-form building needs of children ages 3–12.

Look at all the exciting things that just one set can build!

LEGOLAND®

Exciting Building in the Past, Present and Future!

It's all happening with the LEGOLAND® Castle, Town and Space Series. These exciting sets open up a whole new world of building possibilities.

Travel back in time with LEGOLAND Castle Sets. Discover what it was like to live long ago in medieval times! Mighty castles, armored knights on horseback and banners flying high create the perfect setting. So...let the fun begin!

LEGOLAND Town - There's a lot of building to be done - and you're in charge

2. Road Repair Truck ▷

3. Plow Truck

of the action. It won't take long before your town is bustling with activity! Once you "break ground", you'll never want to stop building!

Journey into the future with LEGOLAND Space Sets! Build interplanetary spacecrafts, robots and futuristic control centers, then explore the unknown with only your imagination to guide you!

Collect all three LEGOLAND Series! There are many sets to choose from. Each new addition – whether it's a small or large model from LEGOLAND Castle, Town or Space – will increase the play value of your entire collection.

All LEGOLAND Sets are designed to the same scale so that they can be combined and played with together.

Collecting and Combining LEGOLAND Sets is as Much Fun as Building Them!

For added play value, join your LEGOLAND Sets together with LEGOLAND Road and Landing Plates. It's an ideal setting for your LEGOLAND collection.

EXPERT BUILDER® Sets

Exciting Building Sets with Technical Realism!

These are flexible and challenging LEGO® Building Sets, with the added dimension of technically authentic pieces that bring exciting real life action to whatever is built. For even more exciting action, the new 8040 Building Set is powered by air pressure!

★ New 1985 Item

The New 8040 Building Set - Powered by Air Pressure!

The power of air pressure enables all the models built with this set to perform real life action like lifting, pulling and even picking things up!

To operate, just connect the pump to your model, push on the pump to build up air pressure and then flip the switch to start the action! It's fun and easy to operate.

Dear Parents and Children

LEGO® is a brand name that is very special to all of us in the LEGO Group Companies. We would sincerely appreciate your help in keeping it special by referring to our bricks as "LEGO Bricks or Toys" and not just "LEGOS".
By doing so, you will be helping to protect and preserve a brand name that stands for quality the world over.

If at any time we can be of service to you regarding our products, please feel free to write to us.

Susan Williams
